

CASE STUDY – *Hounslow Officers' Mess Refurbishment*

Client:

Defence Infrastructure Organisation

Consultants:

URS Infrastructure & Environment UK

Consultants:

N/a

Principal Contractor:

Lendlease Construction (EMEA) Ltd

Value: £210K

Date: 2013-14

Description:

Hounslow Cavalry Barracks Officers' Mess - largely yellow stock brickwork, with gault brick band courses, arches and detailing, with York Stone copings and cills.

The works involved:

- Large scale brick indenting, rebuilding and repointing works using natural lime and Westerham graded sand to high level chimneys and facades
- Structural repairs, using helical re-bar repair systems
- Internal brickwork, structural repairs including indenting, rebuilding and re-pointing works
- New build of entire Plantroom and Bootwash, plus fabrication and installation of new powder coated louvre doors
- Works include staircase repairs and hand railing repairs
